SOLD

We call this stunning palomino gelding PayPal. He is 4 years old, 14.3 hands and is built stocky and round in all the right places. He is very gentle and kind minded. Even at his younger age, he has a tolerant mind and would be appropriate for pleasure and non-pro riders. He has been brought along the correct way and is going well in the arena and is very solid to ride and use outside. Soft in his face and to your leg cues, will travel soft and collected. He has a trot that you could sit to all day and a nice smooth flowing lope. Stops well and knows how to use his hind end. He is great on trail and is currently in show prep for ranch riding and ranch pleasure. Has experience on cattle and has been roped off of lightly. Can be ridden in a hackamore, snaffle, and has been lightly started in the bridle. On trail he crosses obstacles with ease and is confident when ridden out alone. Sound with good feet and clean legs. \$12,500
