SF Taurus is full of personality and it showed the day he was born! He was born April 22nd. His sire is a 33 inch brown jack, an LN Nicodemus son. His dam is a grey dun spotted 33 inch tall jennet. He is very loving, but ornery. He is a driving prospect and could also be great training project for an older 4-Her or FFA member.

He's already learning to pick up his feet quietly. He is on his way to learning the halter and being taught to lead. He will have at least one hoof trimming and be vaccinated before he leaves. If buyer is out of state, coggins in included in price. He will be available after he is gelded after the first hard frost in the fall. I will send in his registration papers after the new owner signs them.

I am asking \$600, can take a 25% non-refundable down deposit to hold him until after he is healed from being gelded. He must go to a home with either another donkey, horse, or mule/hinny. He will not be big enough to be a guardian animal! I do not think he will be able to be put out with livestock smaller than him. He is not mean just very playful and could injure or kill them without trying. Will offer him with his half brother SF Aries for \$1100.
