- Saddle Bags

Description

The Small Western Style Saddle bag is 8" deep, 9" wide, and has a 4" gullet. The hardware on this bag is solid brass. There are d-rings on the rear lower corners so that the bag can be attached to the girth for extra stability. The options for this bag include getting with or without lace. There is also the option of getting the bag with or without an extra side pouch on either side that is ideal to carry a horseman's knife, a multi-tool, a flashlight, a hoof pick, etc.
