• Shire • Stallion • 3 yrs • 17.3 hands

Cash is the future of our herd. He is extremely well bred with excellent production and breeding on both sides. This stallion has the breeding and the conformation along with the disposition that makes him an exceptional stallion. He produced well as a 2 year old and is performing at a top level today. He has exc Ellen count on his semen evaluation and ships well  
We like what he is producing and you will find him to be a very. outstanding Shire stallion that will breed on. the quality which he. displays
