Titan is a very sweet teddy bear in a big horse package. He's kind and gentle and loves people. Titan wants to please his rider and will do anything asked of him. He's been started over crossrails and picked it up very quickly. No stop no spook. Titan has also been on the trails, over an old wooden bridge, railroad tracks and through water all like a pro. He's been jumped bareback by a teenager. A teen also hopped on him for the first time and cantered him around and jumped him. And he's only 4! He has an amazing brain! This guy is going to go far with that brain. Titan does have an old splint that he got when he was 2. He raced on it and has had no issues.
