*Description

Different from an under pad, a liner is half the thickness and intended to serve as a clean barrier between your horse and the significant investment of your main saddle pad. Non-contoured intentionally because of its thin cut a saddle pad liner will form to the horses back once it's ridden. Replace this liner at an interval relative to your riding volume to keep your saddle pad looking and performing like new.

* Size: 30"x30"

* Black

* Serves as a barrier between your horse and main saddle pad

* Non-contoured - will form to the horses back once it's ridden

Saddle Weight: 3.00 LBS
