Long Ear Equine Massage LLC is here to offer customized bodywork from a certified equine massage therapist for your equine companion. We are happy to work with all horses, ponies and -of course!- mules and donkeys. We want to work on what your horse needs and we tailor your session to the horse each time. We are happy to work with special-needs cases as well, including rescued horses, horses with limited handling, and horses recovering from injuries (cleared by your vet to receive massage care). Please contact us to share about your horse!
