### Description

Cute little well made grade 13.2 hand mare. Was a family trail and playday horse. Wasn't ridden in a couple years when kids stopped riding and was sold. Was in the same family her whole life. She is a confident left brained mare with cute movement and could make a good hunt or jump pony with the right support. Currently getting refresher riding and skill brushup. Learning good bit response and learning to move off leg nicely. Cute gritty little mare with a strong heart who gets better and better with every ride. Would cuddle or ride all day long equally. Not for inexperienced, beginner, or timid rider. \$4500
