Talk about picture perfect... Cheyenne is a big stout built buckskin Quarter horse mare. She is 11 years old and stands around 15.2hh weighing a solid 1250lb. She has 2 brands on her and all black points. Since owning Cheyenne we have trail ridden her throughout Big South Fork and used at a friends cattle operation. She has previously been used at a local stockyards to pen cattle and load trucks, she has plenty of cow sense and wont back down when one gets pushy. She is easy to handle, gets along great out in the pasture, no problem to handle her feet or wash. She rides great on trails over any obstacle, is traffic safe and rides with confidence. She is ready to work on the ranch, in the yards or hit the trails! Call Korey with any questions - Click here to reveal phone number -
