### Description

Cinder rides, drives and turns heads whoever she goes. She bowed a tendon 18 months ago and has been rehabbed. Suitable for lighter work and very safe for beginners. Cinder has been my go-to for fearful riders and tiny children. We have decided to sell her because it's just too darn hot here in the summer and she either needs a cooler climate or a stall with a fan when it gets warm again. Open to offers and trades.
