Description

Moonlight is a super good natured and gentle 6 year old 14.3 hand well-bred palomino mare with a beautiful baby doll head. She has an exceptionally kind disposition and gets along well with all the other horses and loves people! She acts like a gelding and is not squealy or whiny. You would think she's a gelding if you did not know. In the arena she takes her leads, has a nice jog, stops, backs and will side pass over to open and close the gates. Moonlight is outstanding to ride out anywhere and is really confident around our busy neighborhood streets as well as out on the mountain trails. She is unconcerned about all the usual things we encounter in the urban environment like fast passing cars, bicycles, charging barking dogs and old couches and mattresses put out for the trash guys. She is an absolute pleasure to ride on the trails, sure footed in steep terrain and goes wherever we point her with no fuss or hesitation. She will lead or follow, rides in a group and will go out alone as well. The hikers, dogs off leash and mountain bikers flying by are of no concern to her. She has been used on the ranch pasture roping, doctoring gathering and sorting cattle. Carries the flags, tarps, rides bare back and is easy to be around. 100% safe sane and sound. All that and pretty too! Watch the video! Sold! Sorry you missed her. We have others so feel free to give us a call and see if we have a match for you! Happy trails!
