### Description

Dakota is a 12 year old grade buckskin paint horse. She stands around 14.2 hands. I have owned her for about a year. I am only selling her to get a taller horse to use for HS equestrian team. I have ridden speed at local saddle clubs and in the equestrian team. She runs 20 second barrel runs and has ran poles, kegs, 2-man, flags, speed and action, and more!! I have faith that she can run faster times with work. I have ridden her bareback and English. She loads and stands perfectly. She gets a little cinchy at times but she is fine with a daily Omeprazole. She is the type of horse that I can not ride for three weeks and then jump on her and run a perfect pattern. She can be a little pushy but she is fine once she understands that she can't push you around. SHE DOES TOLERATE A LOT!!! I have taken her on trail rides, road rides, she has worked with a cow track, she tolerates loud noises, roping off, I have jumped her and a lot more. Before I bought her she was on a drill team for eight years. She loves the water! She was my first horse so overall I think she would work with any rider. I am asking 4???????????? for her, located in Coldwater Michigan. Price is negotiable, Please contact Audrey at - Click here to reveal phone number -
