Eclipse LAR is also available by Fresh Cooled Semen with a LFG(Live Foal Guarantee) Contract. \$250 Non-Refundable Booking Fee included in fee's listed below.

\$1000 + shipping and collection to all breeds

Eclipse LAR is proudly owned by Gunslinger Ranch. Eclipse was bred for Dressage, and has remarkable conformation, behavior, movement, functionality and impressive bloodlines to boot. His sire Bolero CLII was imported into the U.S. and was a successful 4th Level Dressage horse. Bolero CLII's bloodline is primarily Yeguada Militar and famous Cardenas horses. Eclipse's dam, Sevillana JIM was bred by Frederico Jimenez of Hacienda Santa Lucía in Mexico. His dam's line has Romero Bonitez Lines and her sire Ingrato X was gifted to the president of Mexico. His pedigree includes Vasallo II, Valido, Señorito XXVI 1982, Habana VIII, and many other famous PRE horses.

Eclipse is in Dressage training and continues to show promising potential moving up the levels with his great scores in the court ranging from the mid to high 60's, following in the foot steps of his Grand Prix Sire.

Eclipse is 2021 TEV-CDS Chapter Reserve Champion at Training Level AA, he also won a CDS Year End Award, also earned Reserve Champion at a CDS Show, and was 2020 USDF Regional Schooling Show Awards Champion at Intro with a JR/YR.

Eclipse is registered and revised with ANCCE and while PRE Mundial was still accepting horses, he went through revision with PRE Mundial and passed as well. Eclipse is also IALHA registered!

Eclipse is available by fresh cooled semen only. Discounts for Champion mare's considered. Multiple mare discounts are available. Please contact us for more information. Eclipse is available to both P.R.E. mares and non P.R.E. mares.
