Cute 9 year old 15 hand liver chestnut overo gelding. Milkshake is a really cool horse. He is very well trained with great ground manners. One hand neck rein and moves off hand or leg cues with ease. Takes his leads, has a good stop, back up and side passes over easy to open the gate. Milkshake is an outstanding trail horse. He is really sure footed and confident navigating our rugged mountain trails. Willingly crosses rivers, streams, bridges and downed trees. He is also very solid and safe to ride around our busy neighborhood streets. The usual bikes, barking dogs, motor cycles and big trucks are of no concern to him. Milkshake has been used on a working ranch and has been used to gather, sort and doctor cattle. He has worked the feedlot at the sale barn and has been to some weekend jackpots. Besides being a great all around ranch horse we think he would be a great junior rodeo horse and would do well at drill team and gymkhana play days. This horse is quiet minded and always gentle. He has a great work ethic and is handy and has some speed if you ask for it but will just cruise along as well. If we were gonna keep one, this one would be Barbara's. He is a really fun horse to ride and is a pleasure to ride and work with. He gets along well with the other horses and just wants to please. Milkshake has no bad habits or vices and is 100% safe sane and sound.
